Weather

The weather in the French Alps varies up and down the mountain chain. It is a mountainous region between 800 and 4000 meters, so altitude plays a big part in the local weather.

As you climb higher into the mountains it gets 1 degree cooler every 100 meters. It is the case all year around but other factors such as temperature inversions and winds influence the climate. The sun plays a very important role too. In the winter, when the sun is lower in the sky, some lower or north facing valleys are blocked from the sun by mountains for a large part of the day and are colder.

Keep in mind that weather conditions are unpredictable. Therefore, the trip organization can me modified for your safety.

Electricity

There will be electricity in most places you will stay. If you are scared to run low on battery, we advise to bring an external battery charger.

Power plugs in France have the particularity of being male and female at the same time : they have 2 prongs and a receptacle. If you need an adapter, please purchase it before departure.

In France the power plugs and sockets are of type E. The standard voltage is 230 V and the standard frequency is 50 Hz.

Local time

France is in the Central European Time Zone. Central European Standard Time (CET) is 1 hour ahead of Greenwich Mean Time (GMT+1).

Like most states in Europe, Summer Time (Daylight-Saving) is observed in France, where the time is shifted forward by 1 hour; 2 hours ahead of Greenwich Mean Time (GMT+2).

After the summer months, the time in France is shifted back by 1 hour to Central European Time (CET or GMT+1).

Sustainable tourism

We do our best to offer trips subscribed to the principles of responsible and sustainable tourism. - Most of our accommodations are run by locals, thus ensuring that the largest part of the revenue generated through your trip will stay within the region.
- France is known for its exquisite cuisine. The art of cooking and the joy of eating are part of everyday life. Each region has its particular foods and flavors which we would like you to explore and appreciate.
- Water is a precious and rare good. Our team and those travelling with us are thus advised to use it with consideration and avoid excessive water use where possible.
